New Brunswick
Nouveau

I am pleased to present the report of the Triennial Municipal and School Board Elections held on May 11, 1992.

The nominations for candidates concluded on April 16th. There were 1,129 candidates nominated for 116 mayors and 595 councillors and 334 candidates offered for 194 School Board Trustee and Community Board member positions.

Amendments were made to streamline and simplify the respective Acts governing the election. The time frame was shortened from 71 to 49 days and enumeration was reduced to one week. Videos and tapes were developed and aired on all TV and radio stations announcing the start of enumeration, the linguistic choice for school board which is made at the time of enumeration, and Notice of Revision. As well, Notice of Election and Grant of Poll forms were standardized, formatted, shortened and released to the various newspapers from the Elections Branch Office for the first time.

Of note in the School Board Elections, the Department of Education reduced the number of school districts from 42 to 18, 12 anglophone and 6 francophone. The election of Community Board members was also introduced for 6 districts to address the unique geographic or linguistic situations of schools in these areas.

All who offered as candidates in this election are to be commended for their interest, dedication and commitment to their communities.

I would like to take this opportunity to congratulate all successful candidates, to recognize the election administration staff, enumerators and poll workers throughout the Province for the conduct of an excellent and fair election process.

Additional copies of this report, background information and other publications on the electoral process are available on request from the Municipal Electoral Officer, Mrs. Barbara J. Landry, Elections Branch, 230 Hilton Road, Industrial Park, Fredericton, N.B., E3B 5H1.

Sincerely,

MARCELLE MERSEREAU

New Brunswick
Nouveau

Je suis heureuse de vous soumettre le rapport des élections scolaires et municipales trisannuelles du 11 mai 1992.

La date limite des déclarations de candidatures était le 16 avril. Au total, 1 129 personnes ont posé leur candidature pour pourvoir aux 116 postes de maire et 595 postes de conseillers tandis que 334 personnes se sont portées candidates pour les 194 postes de conseillers scolaires et de membres des Comités scolaires.

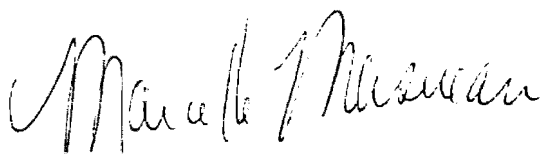

Des modifications ont été apportées afin de rationaliser et de simplifier les lois régissant les élections. La durée des élections est passée de 71 à 49 jours et la période du recensement a été réduite à une semaine. Des bandes vidéo et sonores ont été produites et diffusées par toutes les stations de radio et de télévision pour annoncer le recensement, le choix linguistique concernant le comité scolaire, choix qui doit être fait au moment du recensement, et l'avis de révision. Le Bureau des élections a aussi fait parvenir aux différents journaux, pour la première fois, l'avis d'élection et l'avis de la tenue d'un scrutin sous une forme normalisée, formatée et réduite.

Pour les élections scolaires, le ministère de l'Éducation a réduit le nombre de districts scolaires, qui est passé de 42 à 18 : six districts francophones et douze districts anglophones. On a aussi procédé à l'élection des membres des comités scolaires de six districts afin de tenir compte des particularités linguistiques ou géographiques uniques dans ces régions.

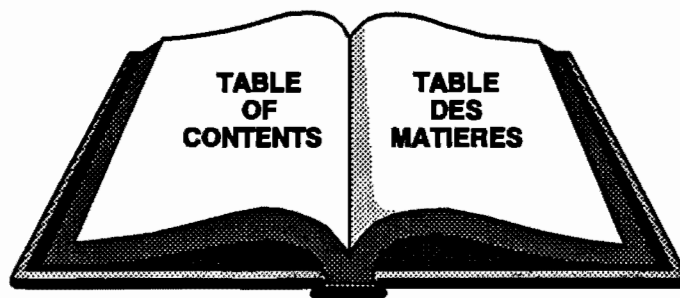

Je tiens à féliciter tous les candidats et candidates à cette élection de l'intérêt, du dévouement et de l'engagement qu'ils ont envers leur localité.

J'aimerais aussi, par la même occasion, féliciter tous les candidats et candidates élus et remercier le personnel électoral, les recenseurs et le personnel des bureaux de scrutin de la province pour la mise sur pied d'un processus électoral juste et excellent.

On peut se procurer d'autres exemplaires du rapport, de l'information générale et les publications sur le processus électoral auprès de M^{me} Barbara J. Landry, directrice des élections municipales, Direction des élections, 230 chemin Hilton, Parc Industrial, Fredericton (Nouveau-Brunswick) E3B 5H1.
